

IceFusion

The only brush
officially endorsed by

Form Recovery Technology

Filaments are semi-elastic to hold their shape during use for razor sharp cutting-in lines and after washing

Unique Shard Filaments
Synthetic filaments that taper from base to top for more even loading and ultra-smooth release

Before loading After loading

FSC wood handle

Waterproof recycled & reusable plastic keep

ICE FUSION SYNTHETIC BRUSHES

- Shard Filaments for ultra-smooth loading and release
- Form Recovery Technology gives an ultra-sharp cutting line and maintains the brush's shape after washing
- Seamless ferrule so no paint or wash water collects inside the brush
- FSC wood handle
- Performance guaranteed or your money back
